Festive Lighting 2022/23 – Consideration continued etc.

6 There was submitted a report by the Executive Director of Neighbourhoods, Regeneration and Sustainability (NRS) regarding the 2022/23 Festive Lighting Programme, advising

(1) that each Area Partnership would be awarded £3,600 central funding to meet the costs of erecting and maintaining festive lighting;

(2) of the festive lighting locations for the Ward delivered as part of the 2021/22 programme, as detailed in the report;

(3) of the standard pricing schedule for the 2022/23 festive lighting programme, and the cost to repeat the 2021/22 programme in 2022/23, excluding switch-on events, as detailed in the report;

(4) that the partnership would be able to nominate additional or alternative festive lighting locations to those delivered as part of the 2021/22 programme, and that should any new location be proposed, the feasibility and cost of the new location would be assessed and reported back to the Chair of this partnership for a decision prior to 30th June 2022; and

(5) that if the total cost of the delivery of the festive lighting programme selected by the Area Partnership exceeds the £3,600 central funding, then the balance of the funding would require to be met by the Area Partnership from other funds.

After consideration, the Partnership agreed

(a) that in the absence of an officer from Neighbourhoods, Regeneration and Sustainability to continue consideration of the report the next meeting of the partnership for the relevant officer to be in attendance; and

(b) that a wider community consultation would be undertaken to agree options for the 2022 festival lighting programme.
