SCOTTISH FIRE AND RESCUE SERVICE
Working together for a safer Scotland

Briefing Report

Report to: **Ward 7 Langside Area Partnership.**
Date of Brief: **23rd August 2022 – Quarter 2**

Report by: **Station Commander Craig Carenduff**

Subject: Scottish Fire and Rescue HFSV Ward 7 Langside Report

Covering Q2 - 1st July 2021 to 30th September 2022 (*23/08/2022 at time of report*)

Local and National Drivers/Priorities

- Reduce the number of deliberate primary and secondary fires
- Reduce the number of fires in derelict/unoccupied buildings
- Reduce the number of fires involving refuse/rubbish
- Reduce the number of outdoor fires involving grass/heathland and/or forested areas
- Reduce fire related antisocial behaviour including hydrant vandalism
- Reduce attendance at UFAS incidents
- Promote fire safety within seasonal sleeping risks
- Promote water safety
- Contribute to the delivery of Road Safety Initiatives.

Community Safety Activity

As we finally work beyond the remaining restrictions previously in place that were necessary to support the Government guidelines to tackle COVID-19 we are striving to fully re-establish our HFSV schedule for high, medium and low risk revisits and new referrals.

Community safety advice has continually been offered to community and educational groups, with school talks and educational programmes being delivered in person by front line personnel and Community Action Team (CAT) staff.

In Q2 **21** Home Fire Safety Visits have been carried out within Ward 7 Langside.

Individuals identified at high risk of fire continue to be referred through the AP1 process to local Social work departments. Case Conferences are arranged and/or attended by SFRS Officers and other Community Partners to contribute to planned/safe solutions/outcomes.

We are continuing to reassure residents within multi storey flats providing information and advice to residents on fire safety measures.

Home Fire Safety Visits

Ward No	Ward	HFSV's	H	M	L
7	Langside	21	2	11	8

Operational Activity (Please note that the SFRS IRS was last uploaded at 18/08/2022).

From 01/07/2022 to 17/08/2022 SFRS resources have attended **45** incidents in the Langside area.

Further investigation of this figure in relation to the SFRS KPI's has been identified below.

The Table below displays the overall operational activity for Ward 7 Langside in relation to the headings detailed.

From 01/07/2022 to 17/08/2022 there have been:

- 45 Incidents

- 0 Fire Fatalities
- 0 Non-fatal fire casualties
- 4 Accidental Dwelling Fires

For the 7 Incident KPIs

- 5 Deliberate Fires
- 8 Accidental Fires
- 0 Fatal and non-fatal fire casualties
- 0 Non-domestic fires
- 10 Special Service Incidents
- 0 RTC Casualties
- 22 False Alarms

Top 15 Incident Types by % of total incidents from 01/07/2022 to 17/08/2022

On-going citywide initiatives

The Scottish Fire and Rescue Service continue to work within our community engaging with members of the public through Home Fire Safety Visits, Post Domestic Incident Response.

Our Community Action Team (CAT) continues to support stations and our partners in various capacities that assist the wider communities and promote our 5 key messages:

- Cooking Safety
- Electrical Safety
- Smoking Safety
- Smoke Alarms
- Night-time Routine & Fire Escape Plans

In this reporting period the team have been continuing to progress a lot of work from Q1 in updating our presentations and training resources that will enhance our delivery to stations, education establishments and Housing Partners.

SFRS encourage all partners to engage with our service in order that we identify the highest risk persons and put reduction measures in place to protect their safety.

This concludes my Report for Ward 7 Langside.
