Licensing Standards Report

Purpose of Report:

To provide an update for the period January – June 2022 for the Licensing Forum on ongoing Licensing Standards issues.

Recommendations:

It is recommended that the Forum note:

- the work being undertaken by Licensing Standards Officers continues to focus on supporting licensed premises where legislation, policy and resources permit; and
- the work of Licensing Standards Officers is enhanced by participating in multi-agency initiatives.

1.0 Applications

1.1 During the months January to June 2022 Licensing Standards, as statutory nominees, provided comments on the following licensing applications:

- New and Provisional Premises Licence Applications - 38
- Major Variation Applications - 68
- Occasional Licence applications - 701
- Extended Hours applications - 90

1.2 New applications and those requesting the inclusion of additional facilities such as Outdoor drinking, Off consumption including delivery services or regularizing previously granted temporary permissions were the focus. A marked increase in the number of Occasional Licence applications received was also noted due to the number of small- and large-scale events taking place within the City.

2.0 Enquiries and Complaints

- Enquiries - 240
- Complaints - 133

2.1 The complaints received related mainly to Outdoor drinking, noise and anti-social behaviour as premises continued to recover from the pandemic. The majority were addressed and resolved with no requirement for formal action, with the remainder requiring either mediation between the parties or formal action. In all cases, Licensing Standards either liaised with or worked in conjunction with partner agencies and services.

2.2 Enquiries received mainly related to application or legislative processes and procedures, Licensing Board policy or services provided by other Council divisions linked to the Licensing process.

3.0 Interest Group Activity

3.1 With the number of events taking place within the City high, resources focused on disseminating details of said events to residents, licensed premises and through various Pub Watch meetings. Attendance at these events was promising and work in this regard will continue. In addition, work has also begun on resurrecting a number of Pub Watch, Club Watch and Off Sale watch meetings currently dormant due to the pandemic. It is hoped activity in this regard will increase with all the resultant benefits these groups bring.

4.0 Policy and Resource Implications

Resource Implications:

Financial:	All costs for Licensing Standards derive from funding via CEO Licensing
