Festive Lighting 2022/23 – Consideration continued – Request to the Executive Director of Neighbourhoods, Regeneration and Sustainability.

10 There was heard a verbal report by the Executive Director of Neighbourhoods, Regeneration and Sustainability (NRS) regarding the 2022/23 Festive Lighting Programme, advising of the proposed locations within the Ward of

(1) a Chritstmas tree at Govan Cross totalling £3,600;

(2) lighting at 3 trees at Linthouse Roundabout totalling £9,100; and

(3) a Christmas tree at Ibrox Library totalling £3,600.

After consideration, the Partnership

(a) noted the update and the total cost of £16,300, with £3,600 deducted from central funding, leaving £12,700 to be agreed by the Partnership, which would be awarded from the Partnership's remaining Area Budget;

(b) highlighted that the Partnership had requested a breakdown of the cost for each tree in the area, which had not been provided by NRS to allow a decision to be made; and

(c) agreed, following a full discussion, that the members of this Partnership would meet within the next 4 weeks to discuss funding of the festive lighting within the Ward, in light of the reduced funds available after the Area Budget requests had been awarded, as at paragraph 11 below, to allow a report to be submitted to the November meeting of this Partnership to finalise and agree proposed locations.
