South Suicide Safer Communities Forum - Presentation noted.

3 There was heard and noted a presentation by Mr Paul Lafferty, Glasgow City Health and Social Care Partnership (HSCP), advising

(1) of the process that the HSCP had been following by re-introducing the South Mental Health and Suicide Prevention Network;

(2) of the outcome from 2 online development sessions that had been carried out for each of the 2 separate networks and that with sufficient interest the HSCP had organised further sessions to help them with what the Networks could deliver in the South; and

(3) that it became apparent when the Action Plans were being drafted for both Networks that the 2 networks should be then combined and to single Network.

After consideration, the Partnership

(a) noted and thanked Mr Lafferty for the presentation; and

(b) raised a number of questions and concerns in relation to the high suicide rate within the Polish community and looked at ways to support them.
