Police Scotland – Ward update noted.

7 There was heard and noted an update by Inspector Scott Simpson, Police Scotland, advising the Partnership of the current progress that Police Scotland was making within the Ward, advising that

(1) there would be a focus on community policing with a number of foot patrols and officers on bicycles patrolling throughout the Ward;

(2) there had been an ongoing issue with professional house breakings in the Nitshill and Darnley areas and a national operation had been investigating; and

(3) problems with scamble bikes being used would continue to be targeted and it was expected that this would become less of an issue during the winter months due to inclement weather conditions.
