DRC Generations **Summer Wellbeing Activities** **PRN: 039/22**	The aim of DRC Generations is to improve health and wellbeing promote awareness of addictions particularly alcohol and drugs, by providing education and training, through mentoring, transition and support. Funding is requested to subsidise the cost of minibuses over the summer to enable the provision of three family trips for young people, their families and the wider community. This will benefit 157 members of ward 13. The organisation's buses are available to the most vulnerable in the community, through partners agencies with no charge for funerals and emergency need. However the cost of minibuses has increased in price and member organisations have advised of the difficulties to meet the costs of trips for the local community. Therefore funding is requested to contribute to a short-term activity where DRC Generations can subsidise the costs of their minibus for local user groups which will enable the majority of the groups to have a small subsidy allocated towards the cost of their allocated fund. This allocation would provide access to the minibuses for some of the	Alcohol, health and wellbeing Youth employment and young people Vulnerable people and families safer and fairer communities Sustainable communities	**£5,408** **Match funding:** Glasgow communities Fund: £2,165 Lottery: £1,138 **Project costs:** 3 x coaches for 3 family trips: £ !,050 Minibus costs x youth and Buddy activities: £300 Minibus costs and activities for the wellbeing support group: £155 Minibus member shared costs: £600	**£2,105**	Approve an award of **£2,105** on condition that: 1. 	alternatives. The young people are between 11 and 17 years old. The additional resources would help to channel them into other generic youth services. A boost in diversionary activities including outward bound trips will not only be beneficial and educational for the young people but will also give the local community some respite and reassurance. As part of the engagement there will be the potential for the young people to work in their local communities to earn their trips. This will include community clean ups and working and learning at the project allotments. 50 local young people will benefit from this initiative. The end date will be October 2022.
