

Police Scotland - Local Policing Plan 2023-26 – Performance for Year 1, Quarter 3 noted.

3 There was submitted a report by Chief Superintendent David Robertson, Police Scotland, providing an overview of the current performance of Police Scotland during the Q3 period from 1st October to 31st December 2023, advising

- (1) of the continued drive forward with their Public Health Approach to policing that involved working closely with partners to support vulnerable members of the community;
- (2) of its national Domestic Abuse campaign and the 16 Days of Activism campaign which had seen a variety of days of action undertaken across all Sub Divisions, resulting in the arrest of 6 prolific offenders;
- (3) of some of the work being undertaken in relation to crime, community wellbeing, events, operations and serious and organised crime;
- (4) of a detailed breakdown of the complaints against police;
- (5) that senior officers from Police Scotland had been involved in the Road Safety Roundtable engagement exercise that had been set up as a result of discussions from this Partnership;
- (6) that sadly, there had been 10 road deaths recorded since April 2023; and
- (7) that a number of days of action were planned around road safety as this was high priority.

After consideration, the Partnership noted that

- (a) Bailie McCabe had recently attended a Road Safety Summit and would share the presentation from the event and update Councillor Bruce in more detail in relation to this;
- (b) a report on road safety would be submitted to a future meeting of this partnership; and
- (c) Superintendent Reid would link in with Superintendent Meikle and report back to Councillor Bruce in relation to what the current position was with gathering 'near miss' data.
