

Community Engagement report noted.

8 There was submitted a report by the Head of Policy and Corporate Governance, regarding an update in relation to the process for engaging communities in relation to the Neighbourhood Infrastructure Fund (NIF), advising that

- (1) the next agreed ward for community engagement would be Drumchapel/ Anniesland to start in Autumn 2024 and the kind of 'people' resource that was needed, had been identified at this stage to be predominantly co-ordination, survey creation, people who could do community engagement with people in the area, and data analysis;
- (2) the Communities Team would still carry out much of the 'feet on the ground' engagement, with additional support from Glasgow Life and colleagues across different services in NRS; and
- (3) that the Communities Team was developing a programme of community engagement for 2025 and an update would be provided.

After consideration, the Partnership noted

- (a) the report;
- (b) that the partnership identify and propose ideas and any suggestions on what could be funded from NIF; and
- (c) that any proposed suggestions that already had work planned by the Council or received other funding would be removed from the Appendix to avoid duplication.
