

Health and Social Care Partnership – Adult Health and Wellbeing Survey 2022/23 - South Glasgow update noted.

7 There was submitted and noted a report by Siobhan Boyle, Chief Officer, Glasgow City Health and Social Care Partnership (GCHSCP), regarding an update on NHS Greater Glasgow and Clyde, Adult Health and Wellbeing Survey 2022/23, and the South locality findings, advising that

- (1) the sample size was 1,678 residents from the South area;
- (2) the survey content included financial wellbeing, social health, social capital, health behaviours and health and fitness;
- (3) 18% of people lived alone and 41% of people aged 75+ lived alone;
- (4) 69% had a positive view of the adequacy of their household income;
- (5) 1 in 5 felt isolated from family and friends and 79% felt they belonged to their local area;
- (6) 73% valued local friendships and 85% had a positive view of social support;
- (7) 26% were current smokers and 8% of non-smokers were exposed to smoke at home or someone else's home;
- (8) 67% felt safe walking alone in their area, even after dark;
- (9) 23% belonged to clubs/associations/clubs; and
- (10) 17% had used e-cigarettes in the last year.
