

Community mapping update noted – Request to Head of Policy and Corporate Governance.

11 There was heard a report by Heather Hamilton, Communities team, regarding Community mapping within the ward, advising that the Communities team were looking to identify more local groups in the Ward and to ask the Partnership to share any outputs of community engagement in the area to help build a resource in one place.

After consideration, the Partnership

- (1) noted the report;
- (2) agreed that the Partnership would send any sources of information they may have to Heather Hamilton to avoid duplication; and
- (3) requested that the Head of Policy and Corporate Governance invite the dashboard team to come along to a future meeting of this Partnership to provide information in more depth relating to the ward from a service perspective.
