

City Deal Projects - Presentation noted – Request to Executive Director of Development and Regeneration Services.

5 There was a heard a presentation by E Curtis, D Hay, P Hennessy and J Laiolo, Development and Regeneration Services on the Glasgow City Region City Deal and the projects planned as part of the City Deal, advising that

- (1) the Glasgow City Region City Deal agreement, the second largest in the United Kingdom, was signed in August 2014 which represented the biggest ever investment for Glasgow and the Clyde Valley;
- (2) £1.13 billion had been invested for infrastructure projects, with £500 million provided by both the UK and Scottish Government and £130m from Local Authority Members;
- (3) the Calton ward would benefit not only from the City Centre Enabling Public Realm Programme and the City Deal Drainage and Water Management System Projects but also directly from the Collegelands/Calton Barras Project; and
- (4) investment in the Collegelands/Calton Barras areas would include access improvement to the railway station at High Street and remediation of the buildings at Collegelands/Bellgrove abattoir with a view to introducing housing and shop units.

After consideration, the Partnership

- (a) noted the presentation; and
- (b) requested the Executive Director of Development and Regeneration Services provide a breakdown of funding for the Collegelands/Calton Barras City Deal project action plan.
