History and Statutory Background

The Glasgow City Region is the largest city-region in Scotland and one of the largest in the United Kingdom, with a population of 1.75 million people. As such, Glasgow City Region is a key engine of economic growth for both the Scottish and UK economies, generating around 32% of Scotland's Gross Value Added, 33% of Scottish jobs and is home to 29% of all businesses in Scotland.

In 2014 eight Councils agreed in principle to establish a Joint Committee to govern the City Deal and determine the strategic economic development priorities for Glasgow City region.

The Glasgow City Region – City Deal is an agreement between the UK government, the Scottish government and the 8 local authorities across Glasgow City region.

The £1.13bn City Deal will fund major infrastructure projects, drive innovation and growth and address challenges in the region's labour market.

Glasgow City Region - City Deal Cabinet Joint Committee is comprised of eight local authorities: East Dunbartonshire Council, East Renfrewshire Council, Glasgow City Council, Inverclyde Council, North Lanarkshire Council, Renfrewshire Council, South Lanarkshire Council and West Dunbartonshire Council.

An Assurance Framework sets out the operational structure of the Joint Committee and how its functions are governed.

Glasgow City Council is the Lead Authority.

Structure

The Joint Committee is known as the Glasgow City Region City Deal Cabinet which has met bi-monthly, with six meetings taking place in 2016/17.

The Cabinet comprises the Leaders of the participating authorities and is responsible for the strategic direction of the City Deal and for approving the annual budget and business plan.

The Programme Management Office (PMO) provides administrative and technical support services to the Cabinet as may be required and acts as the central point for appraisal and monitoring of all aspects of City Deal.

The Cabinet is supported by a Chief Executives Group, which oversees the management of the PMO in its delivery of the operational functions of the Cabinet. The Group will also propose a programme of works and where required provide recommendations.

The Chief Executives Group is also supported by Sub-groups, comprised of officers from the participating councils, to provide advice as required, including a set of policy portfolios led by the respective Councils. . The Commission is Chaired by Professor Muscatelli, Principal of Glasgow University, and 5 panel members.

Consultation and engagement with the UK and Scottish Governments has taken place through the Glasgow City Region Programme Liaison Group..

Strategic Aims

- Work with 19,000 unemployed residents and support over 5,500 back into sustained employment.
- Secure £1 billion of Scottish Government and UK Government capital funding to support the proposed infrastructure investment programme for the area. This will be complemented by a minimum of £130 million of investment from Glasgow City Region City Deal local authorities.
- Lever in an estimated £3.3 billion of private sector investment into the proposed infrastructure investment programme.
- Spread the benefits of economic growth across Glasgow City Region, ensuring deprived areas benefit from this growth.

❖ Notes to the accounts

The main objective of these notes is to provide further explanation for certain aspects of the core Financial Statements.

1. Statement of accounting policies

- 1.1** The financial statements for the year ended 31 March 2017 have been compiled on the basis of recommendations made by the Local Authority (Scotland) Accounts Advisory Committee (LASAAC) and have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2016/17 (the Code). The Code is based on International Financial Reporting Standards (IFRS) with interpretation appropriate to the public sector. The statements are designed to give a 'true and fair view' of the financial performance and position of the Joint Committee.
- 1.2** The accounting concepts of 'materiality', 'accruals', 'going concern' and 'primacy of legislative requirements' have been considered in the application of accounting policies. In this regard the materiality concept means that information is included where the information is of such significance as to justify its inclusion. The accruals concept requires the non-cash effects of transactions to be included in the financial statement for the year in which they occur, not in the period in which the cash is paid or received. The going concern concept assumes that the Joint Committee will not significantly curtail the scale of its operation. Wherever accounting principles and legislative requirements are in conflict the latter shall apply.
- 1.3** Suppliers' invoices received up to 31 March 2017 have been included in the accounts. In addition, expenditure has been accrued, in accordance with the Code, where the goods or services were received prior to 31 March 2017. Salaries and wages earned to 31 March 2017 are included in the accounts for 2016/17 irrespective of when the actual payments were made.
- 1.4** Income includes all sums due in respect of contributions from participating authorities. No interest was earned on fund balances for the year ended 31 March 2017.
- 1.5** There were no complex transactions or potential future uncertainties requiring critical judgments or estimations of uncertainty in preparing the 2016/17 accounts.

2. Accounting Standards Issued not Adopted

There are no accounting standards which have been issued, but not adopted, that would have a material effect on the 2016/17 Financial Statements of the Joint Committee.

The table below provides a detailed breakdown of income and expenditure of the Joint Committee during 2016/17.

	Note	2015/16 Net Expenditure £	2016/17 Net Expenditure £

4. PMO Budget and Funding

Based on the initial agreement signed by participating authorities, parameters were set out to determine the method for funding of the Programme Management Office (PMO).

The Contribution Sum is to be calculated as a proportion of the PMO budget, based on the population of each Member Authority's area and expressed as a percentage of the total population within the areas of the Member Authorities.

A detailed breakdown of each member's contribution towards the cost of running the PMO is shown in the table below:-

Local Authority	Contribution 2016/17 £
East Dunbartonshire Council	53,695
East Renfrewshire Council	49,604
Glasgow City Council	324,625
Inverclyde Council	44,508

5. Employee benefits

All 9 full time members of staff of the Joint committee were employed on a secondment basis.

All members of staff were employed by Glasgow City Council. There were no secondments from any Member Authority in year of a paid nature.

In accordance with International Accounting Standard 19 (IAS 19) – Employee Benefits, the employing council is required to disclose certain information concerning assets, liabilities, income and expenditure, of the pension scheme. As the Cabinet does not directly employ staff, the staff pension costs of the PMO will be reflected in the figures disclosed in the financial statements of Glasgow City Council.

The Code requires that employee benefits are recognised in the accounts when they are earned rather than when they are paid. As a result, there is a requirement to consider notional entitlements to annual leave earned but not taken as at 31 March 2017. Employees providing professional services to the PMO are contracted to Glasgow City Council and therefore any

notional liability will have been included within the accounts of Glasgow City Council who hold the contract of employment.

Scope of responsibility

As the lead authority for the Glasgow City Region Cabinet, Glasgow City Council is responsible for ensuring that its business, including that of the PMO, is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Council also has a statutory duty to make arrangements to secure best value under the Local Government in Scotland Act 2003.

In discharging this overall responsibility, the Cabinet is responsible for putting in place proper arrangements (known as the governance framework) for the governance of its affairs and facilitating the effective exercise of its functions, which includes arrangements for the management of risk. Key elements of the governance framework are noted below. The framework was in place throughout 2016/17.

The Council has approved and adopted a Local Code of Corporate Governance (the Code), which is consistent with the principles of the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE) Framework: Delivering Good Governance in Local Government. A copy of The Code is available on the council's website at:

<http://www.glasgow.gov.uk/index.aspx?articleid=4441>

The work of the Cabinet is governed by the Code and by its Assurance Framework. This includes requirements for the preparation and production of a number of key policy documents including an Economic Strategy, a Procurement Strategy and a Risk Management Strategy. These documents set out the Cabinet's objectives together with the main risks facing the programme and the key controls in place to mitigate those risks. A Risk Register is maintained to facilitate detailed risk monitoring, and an Annual Implementation Plan is produced each year to support the Programme Business Case, which is the business case for overall delivery of the Programme. Scrutiny is provided by Internal Audit and by the Cabinet's External Auditor, Audit Scotland.

The Cabinet complies with the CIPFA Statement on "*The Role of the Chief Financial Officer in Local Government 2010*". The Glasgow City Council Acting Executive Director of Financial Services has overall responsibility for the PMO's financial arrangements and is professionally qualified and suitably experienced to lead the finance function and to direct finance staff.

Review of effectiveness

The Council and Glasgow City Region Cabinet have systems of internal control designed to manage risk to a reasonable level. Internal controls cannot eliminate risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is an ongoing process designed to identify and prioritise the risks to the achievement of the Glasgow City Region Cabinet's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised.

The Assurance Framework is subject to regular review to ensure that it provides an effective governance platform for the Cabinet. A revised version of the Assurance Framework is expected to be agreed in 2017/18.

Update on Significant Governance Issues Previously Reported

There were no significant governance issues reported in 2015/16.

Internal Audit Opinion

Assurance work undertaken within the Glasgow City Region Cabinet in 2016/17 included:

- The arrangements for monitoring the financial position of the City Deal programme.
- The arrangements in place over the financial transactions made between partners and funding bodies.
- The risk management arrangements in place within the City Deal programme.
- The implementation of recommended actions arising from previous audit work.

Glasgow City Council’s Head of Audit and Inspection has confirmed that there are no significant governance issues that require to be reported as a result of the work undertaken by Internal Audit in 2016/17, and no significant governance issues have been reported by the Internal Audit teams of the member authorities during the year.

Certification

It is our opinion that reasonable assurance can be placed upon the adequacy and effectiveness of the systems of governance that operate in the Glasgow City Region Cabinet. We consider the governance and internal control environment operating during 2016/17 to provide reasonable and objective assurance that any significant risks impacting on the Glasgow City Region Cabinet’s ability to achieve its objectives will be identified and actions taken to avoid or mitigate the impact.

Where areas for improvement have been identified and action plans agreed, we will ensure that they are treated as priority and progress towards implementation is reviewed by the Chief Executives’ Group and the Cabinet.

We will continue to review and enhance, as necessary, our governance arrangements.
