| 15/09/2023 | 15-005 | Repairs to potholes and pathways in the Acre Community Car Park & Surrounding areas | Acre Community Car Park and Specific to footpath from 1 Acre Drive to Usave shop on Acre Road. The path is dangerous and unsuitable for residents, specifically 2 residents who are blind. | Yes | £ 35,000.00 | 31/03/2026 | Footpath resurfacing £15,000 and cost to resurface carpark £20,000. This work will have to go through the procurement and Road works notification period. AP to approve estimate. |
| 22/11/2024 | 15-010 | Costings to establish a dog park and run within summerston area | Summerston Area | No | | | We are unable to proceed with the development of a designated dog park. This decision is based on several key factors, primarily concerning liability and ongoing maintenance responsibilities. Currently, there are no officially designated council-run dog parks within Glasgow. Instead, members of the public often make use of previously fenced-off areas for off lead dog exercise. While we understand the value these spaces provide to dog owners, formalising such areas as official dog parks introduces significant challenges Liability: Establishing a dedicated dog park would require the Council to assume responsibility for the safety and conduct of all users. This includes potential incidents involving dog behaviour, injuries, or damage to property. The legal and insurance implications of such liability are substantial and present a considerable risk to the Council. Maintenance: A dedicated dog park would also necessitate regular upkeep, including waste management, fencing repairs, ground maintenance, and equipment servicing. At present, there are no allocated resources or budget provisions to support the ongoing maintenance such a facility would require. Unable to be progressed. |

£ 35,000.00
