

Police Scotland ward update noted.

6 There was heard a report by Inspector Lyall, Police Scotland, advising the Partnership that

- (1) there had been a reduction on previous years in incidents reported on bonfire night with joint patrols with officers from Glasgow City Council undertaken around the ward;
- (2) a drink driving campaign had been held over the festive period;
- (3) Police Scotland were continuing to focus on the use of e-bikes and that there had been 2 serious incidents recently involving e-bikes, with the primary focus being to link in with schools and educate young people on the potential dangers;
- (4) there had been continued intelligence gathering for drug dealing within the ward;
- (5) Chief Inspector William Campbell had been newly appointed and would be happy to reach out and speak to people in the community; and
- (6) work carried out by the Community Team regarding the Community Alcohol Partnership was ongoing and that due to the success of this, similar schemes would be launching in other areas of the city.

After consideration, the Partnership

- (a) noted the report and thanked Inspector Lyall for the update; and
- (b) raised a number of questions and concerns that were addressed by Inspector Lyall.
