

Glasgow Third Sector Interface Network update noted.

7 There was a heard report by Mr Kashif Anwar, North West Glasgow Voluntary Sector Network (NWGVSN) providing an update on its work, advising

- (1) that the cost of living crisis over the last 6 months had increased and over 600 food vouchers had been issued along with 100 food boxes during the Christmas period;
- (2) that Scottish Government funding was due to end in March 2026 after 6 years, and that additional funding was currently being investigated; and
- (3) of the future events and projects that would be open to all during the period 2026, which included cooking classes in the Annexe, woodwork shops and winter events.

After consideration, the partnership

- (a) noted the report; and
- (b) raised questions in relation to the ownership of the Annexe building which was responded to by Mr Anwar stating that confirmation to secure the ownership of the building was in the final stages.
