South Locality	Smart & Connected Social Spaces, Digital Innovation – Q1 Summary Report Programme Goals: • Drive real-world service innovation across housing, health, and social care • Scale up connected technologies to improve wellbeing, care delivery, and housing conditions • Establish strategic partnerships to support long-term investment and innovation Strategic Achievements • Phase 2 launched in April 2025, expanding from 3 to 8 partner organisations • Over 50 active use cases introduced, with 40+ live workstreams underway • Increased executive engagement across sectors, improving strategic alignment

- Revised master plan adopted for sprint-level planning and milestone tracking
- 25+ milestones delivered in Q1, including scoping and pre-commissioning stages
- Two new use cases (UC055 & UC056) launched for connected reablement and discharge pathways
- Zero-cost partnerships formed with Amazon, Vodafone, and SSE
- Amazon hosted AI roundtable, leading to new pilot designs
- Procurement complexity addressed through cross-sector engagement
- Support for North Lanarkshire's mass connectivity roll-out to 34,000+ social housing units

Funding Outcomes

- Secured additional funding from the Scottish Government's PSR Fund
- Funding supports residential care innovation in Glasgow
- Non-repayable funding enables reinvestment of savings
