

**Calton Area Partnership  
Investment Plan for IGF Area Budget 2016/17**

**Purpose**

This Investment Plan sets out how the Area Partnership will use its Integrated Grant Fund (IGF) Area Budget allocation from 1 April 2016 to 31 March 2017. It has been developed following stakeholder engagement and will be reviewed annually.

**Vision**

The vision of the IGF is to ensure that the significant resources Glasgow City Council provides by way of grant payments, whether individually or in conjunction with its CPP partners, to the third sector and other parties, are used efficiently and to meet the agreed policy and service delivery priorities of the Council and its partners. This includes the Community Planning Partnership and Single Outcome Agreement.

IGF Area Budget funding will fund projects that meet locally identified needs that benefit an area or community within the Area Partnership's boundary.

**Area Partnership Priorities**

The Area Partnership has agreed XX funding priorities for the IGF Area Budget for 2016/17. In developing our priorities, we have consulted with stakeholders and considered where we can have the greatest impact. The funding priorities are:

- XXX
- XXX
- XXX
- XXX
- XXX

Your project doesn't have to meet one of these priorities to be funded, but you are more likely to get funding if it does.
