

Education Services development activities related to equalities noted.

2 With reference to the minutes of 29th January 2026 (Print 6, page 110) noting an update on activities to support the development of the equalities agenda across Education Services, there was submitted and noted a report by the Executive Director of Education Services providing a further update regarding the matter, advising

- (1) of the equalities work being undertaken in relation to race and workforce equality;
- (2) of the work being undertaken to enhance professional learning opportunities for staff to develop an understanding of race equality by delivering race equality sessions across more than 17 schools; and
- (3) that Education Services would continue to strengthen collaboration, inclusion, and anti-racist practice across curriculum, workforce development and pupil engagement.
