Background

The Assurance Framework specifies that each member of the Cabinet is required to make a declaration of interests, which will be collated for all members of the Cabinet and substitutes and published on the Cabinet website annually.

Register of interests

Each member of the Cabinet and their substitutes were asked to complete a Declaration of Interest form, with the information from completed forms being shown on the attached Register of Interests. Where no response has been received, the previous year's declaration is shown. The Register will be updated and published as further returns are received. Members will continue to be asked to update their declaration annually.
