2. Planning

2.1. Glasgow City Development Plan was adopted on 29 March 2017. The new local development plan replaced Glasgow City Plan 2 (2009) and sets out Council's land use strategy providing the basis for assessing planning applications. The City Development Plan does not identify land use zones to direct particular types of development, having overarching policies CPD1 Placemaking & CDP 2 Sustainable Spatial Strategy encouraging development to be informed by a place based approach.

3. Background

3.1 Craigdale Housing Association is seeking to acquire the site to facilitate the development of an affordable housing scheme, comprising 32 residential units, under planning application reference 24/01629/FUL.

3.2 The development site is in joint ownership as detailed in section 1 of the report. The proposed disposal will require Wheatley Housing Group to dispose of their interest.

3.3 A live substation is located on the site and is currently leased by Scottish Power Energy Networks.

3.4 At its meeting on 10 October 2019, the City Administration Committee approved a policy for off-market disposals (Report Details) and it is considered that the proposed disposal is compliant with sections 3.1.5 of the policy, 'Disposals to registered social landlords in support of the Council's strategic housing objectives.', and 3.1.6 of the policy for a 'disposal that will support inward investment and socio economic objectives'.

3.5 The subject site is not deemed as part of Glasgow City Council's operational requirement and was formally declared surplus on 22 May 2025, with no notes of interest being received.

3.6 City Property (Glasgow) LLP was instructed on 11 March 2025 by Property and Consultancy Services (PCS) to progress the disposal of part of the site declared surplus.

3.7 The subject is currently included in Glasgow City Council's Log of Opted to Tax Property.

3.8 Following authority to negotiate being granted, Heads of Terms will be negotiated by City Property, to include conditions that will ensure the land is only utilised for the proposed use and overage clauses will be included to protect Glasgow City Council's interest. The appropriate authority will be sought for the approval of the agreed terms and conditions.
