Glasgow's Strategic Housing Investment Plan 2027/28 to 2031/32 approved.

2 Councillor Kelly, Depute Leader and City Convener for Housing and Development, presented a report regarding Glasgow's Strategic Housing Investment Plan (SHIP) 2027/28 to 2031/32, advising that

(1) the Scottish Government's Strategic Housing Investment Framework guided the allocation of the Affordable Housing Supply Programme to local authorities in Scotland and as part of this framework, local authorities were required to submit a SHIP annually to the Scottish Government;

(2) the Scottish Government long-term strategy, "Housing to 2040" had been published in March 2023 and set out the national housing priorities including a target for delivering 110,000 affordable homes by 2032;

(3) the SHIP 2027/28 to 2031/32 had been prepared in the context of the Council's declaration of its own housing emergency in November 2023, thus the SHIP was critical in responding to pressures associated with the housing emergency;

(4) the delivery programme provided a summary of the projects included in the plan; and

(5) of the housing supply targets, the strategic housing investment priorities and the scaling up of affordable housing and the delivery of affordable housing in Glasgow.

After consideration, the committee approved the Glasgow Strategic Housing Investment Plan 2027/28 to 2031/32 and its submission to the Scottish Government.
