**Purpose of Report:**

The purpose of this report is:

- (1) to advise members of the central funding available and the pricing guidelines for the 2026/27 festive lighting programme.

**Recommendations:**

- (1) note the lighting arrangements and the central funding available for the 2026/27 programme;
- (2) approve the necessary funding for any additional costs over and above the central funding.

3. Area Partnerships have the option to fund additional festive lighting locations.

8. The Area Partnership is invited to identify the locations where a switch on event is proposed to be held for either a Xmas or natural tree. Column mounted features will come on at the same time as the streetlights on the day of installation.
9. If the total cost of the delivering the festive lighting programme selected by the Area Partnership exceeds the £3,600 central funding, then the balance of the funding will require to be met by the Area Partnership from other funds.
10. All new festive requests will be subject to NRS Street Lighting approval for electrical supply
11. Byres Road Natural Tree removed from Festive Paper due to the tree being cut away by NRS Parks as it was affected by ash-dieback.

12. The Area Partnership is asked to:

- (1) note the lighting arrangements and the central funding available for the 2026/27 programme;
