1.1 . Background

Glasgow City Council is the Governing Body for the civic collection which are subject of the Council's Internal Audit procedures and sectoral ethical compliances, including the Museums Association.

Dispersal is an auditable process requiring that all dispersal transactions be fully documented and transparent and have approval of the Governing Body. This process ensures compliance with codes of ethics whereby decisions regarding dispersals from the civic collections are within the public domain.

Following review and discussion of proposed dispersal of items from the collection by the Repatriation and Spoliation Working Group, the reports are then considered by the Wellbeing, Equalities, Communities, Culture and Engagement City Policy Committee (WECCE Committee) and if endorsed, referred to the City Administration Committee for approval.

1.2 Proposed Sale of Items

Glasgow Life Museums have sought to rehome all of the items listed below. Having now exhausted all reasonable dispersal options, Glasgow Life Museums propose the sale of these items. On 25th July 2025 Glasgow Life Museums received approval from the Museums Association Code of Ethics Committee under the condition that any income generated from the sale of items is invested in the long-term benefit of the museum and its collections. Appendix One contains further information on these items.

As such, having further reviewed the items for dispersal on 5th March, the WECCE Committee recommends the sale of these items.
