

Police Scotland ward update noted etc.

7 There was heard a report by Inspector Graeme Hogg, Police Scotland, advising the Partnership

- (1) that Chief Inspector Alistair McDonald had been in post since December and had been appointed as the new Area Commander within the ward;
- (2) that due to the closure of Gorbals Police Station all officers had been moved to Cathcart Station, resulting in more police presence within the ward;
- (3) there had been an increase in thefts of vehicles from home addresses but there was no obvious pattern to these and that Police Scotland were carrying out additional patrols at night; and
- (4) of the work Police Scotland were doing to tackle anti-social behaviour, including sending letters home to parents and parents getting in touch with Police Scotland for more information.
