1 Background

- 1.1 The Licensing Authority agreed its current Advertising on Licensed Vehicles (Private Hire Cars) Policy on 28 August 2024, after undertaking a public consultation and considering the responses received to the consultation. The Committee agreed at this meeting that the Policy would come into effect on 1 October 2024.
- 1.2 Members will be aware that in terms of the Policy, there is a two step process in relation to advertising on or in either vehicle. The first step and second step are outlined below:

First Step

If a licence holder wishes to have artwork/advertising material on a licensed Private Hire Car they must first apply to the Licensing Authority for approval of the artwork/advertising material. It does not have to be the private hire car licence holder that applies for approval of artwork/advertising material. The Licensing Authority will keep a register of all approved artwork/ advertising material.

Second Step

Once approval of artwork/advertising material is given by the Licensing Authority, if a licence holder wishes the approved artwork/advertising material to appear on their licensed private hire car, the licence holder of the private hire car must apply to the Licensing Authority for its approval/consent to have the approved advertising material/artwork displayed externally on the licensed vehicle.

- 1.3 The Licensing Authority received a request from HPN Leasing (licence holder) for consent to display external advertising for 'Glasgo Cars', on their private hire cars (Plate Nos 2517, 2997, 3427 and 4584). Members should be aware that the "Glasgo Cars" artwork/material has been approved under delegated authority by the Legal Manager – Licensing, in line with the Advertising Policy – Private Hire Cars (step one above). The request before Members is the second step detailed above, in relation to the Advertising Policy – Private Hire Cars, for "Glasgo Cars" to be displayed externally on the private hire car as detailed in appendix 1 to this report.
