

Glasgow City Council

Operational Performance and Delivery Scrutiny Committee

Report by Chief Executive

Contact: Cormac Quinn Ext: 76726

## UPDATE ON STRATEGIC PLAN PERFORMANCE

### GRAND CHALLENGE 4:

Deliver Essential Services in a Sustainable, Innovative and efficient way for our communities

#### MISSION 1:

Create safe, clean and thriving neighbourhoods

#### MISSION 2:

Run an open, well governed council in partnership with all our communities

### Purpose of Report:

To report the performance of the Council Strategic Plan 2022-27 and the agreed Mission based approach.

### Recommendations:

The committee is asked to:

- Consider and note the content of the report; and
- Consider any specific Commitments or actions that require officers to report back on with further detail or progress updates as part of the Committee's future work programme.

Ward No(s):

Citywide:

Local member(s) advised: Yes  No  consulted: Yes  No

### PLEASE NOTE THE FOLLOWING:

Any Ordnance Survey mapping included within this Report is provided by Glasgow City Council under licence from the Ordnance Survey in order to fulfil its public function to make available Council-held public domain information. Persons viewing this mapping should contact Ordnance Survey Copyright for advice where they wish to licence Ordnance Survey mapping/map data for their own use. ## 1. Introduction

- 1.1 The Council Strategic Plan was agreed at [Full Council](#) on 27 October 2022 and the Operational Performance Delivery and Scrutiny Committee is tasked with monitoring the delivery of the Strategic Plan.
- 1.2 Following agreement at the [Operational and Delivery Scrutiny Committee](#) (OPDSC) in November 2022, a template has been issued to all Services. The template structures and supports scrutiny of the Strategic Plan and illustrates the crosscutting nature of the Missions, as Services work together to deliver the Council's priorities. The template is subject to review to ensure Service and Member feedback is incorporated.

## 2. Council Strategic Plan

- 2.1 The Strategic Plan has been structured into 4 Grand Challenges and their supporting missions. The Grand Challenges are:
  1. Reduce poverty and inequality in our communities
  2. Increase opportunity and prosperity for all our citizens
  3. Fight the climate emergency in a just transition to a net zero Glasgow
  4. Enable staff to deliver essential services in a sustainable, innovative and efficient way for our communities
- 2.2 Each Grand Challenge is underpinned by Missions and Commitments. Services undertake the work to achieve the Commitments which in turn contributes to the goal of each Mission.
- 2.3 It should be noted that council agreed that the Strategic Plan will be subject to an annual review to reflect the volatility of outside pressure and budget constraints. There is an agreed change control process in place to assist this.
- 2.4 This report focuses on: GRAND CHALLENGE 4: Deliver Essential Services in a Sustainable, Innovative and efficient way for our communities

**MISSION 1:** Create safe, clean and thriving neighborhoods

**MISSION 2:** Run an open, well governed council in partnership with all our communities

- 2.5 This committee previously received updates on Grand Challenge 4, Mission 1 and 2 at the following meetings

[5 April 2023](#)

[10 January 2024](#)

[8 May 2024](#)

[4 December 2024](#)

7 May 2025  
1 October 2025

### **3. Commitments, Emerging Commitments and Case Studies**

- 3.1 The Strategic Plan Missions outline a number of Commitments to deliver the Mission goal.
- 3.2 Services have started work to support the Commitments across a number of key areas. As already noted this report outlines progress made with respect to Grand Challenge 4, Missions 1 and 2.
- 3.3 It is worth noting that the majority of commitments reported here are RAG rated as green. However, the following currently has an amber rating:

#### **Grand Challenge 4: Mission 2**

- Delivery of Multi Agency Risk Assessment Conference (MARAC) service in Glasgow.

- 3.4 A case study is provided at Appendix 1 on the Expansion of the Empty Homes work by the Empty Homes Team.
- 3.5 Updates on the progress of all commitments, including those noted in the above point, are contained within the report.

### **4. Next Steps**

- 4.1 The Strategic Plan remains under review so as to allow for the consideration of emerging commitments. Where appropriate these commitments will be considered through the approval process for future inclusion in the Strategic Plan.

### **5. Recommendations**

- 5.1 The Committee is asked to:
  - Consider and note the content of the report;
  - Consider the updates provided on the highlighted Grand Challenges, Missions and Commitments.

## GRAND CHALLENGE 4: ENABLE STAFF TO DELIVER ESSENTIAL SERVICES IN A SUSTAINABLE, INNOVATIVE, EFFICIENT WAY FOR OUR COMMUNITIES

### MISSION 1: CREATE SAFE, CLEAN, AND THRIVING NEIGHBOURHOODS

**Commitment:** Deliver a new City Development Plan with attention to sustainability, inclusivity, accessibility, biodiversity, and climate resilience.

Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG
Continue with work on the Evidence report for the new Local Development Plan.	DPEA find Evidence Report sufficient and gives GCC authority to proceed to prepare CDP2 - 3rd April 2025.	Site assessment is underway. Topic based policies and spatial policy drafting is underway.	Proposed Plan timescales as set out in the approved Development Plan Scheme published at - <a href="#">City Development Plan Scheme 2024</a> .	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
Prepare with the Scottish Government DPEA for the Gatecheck process.	DPEA find Evidence Report sufficient and gives GCC authority to proceed to prepare CDP2 - 3rd April 2025.	Complete.	Proposed Plan timescales as set out in the approved Development Plan Scheme published at - <a href="#">City Development Plan Scheme 2024</a> .	NRS	Complete

**Commitment:** Develop, secure funding for and implement local infrastructure changes in line with a Liveable Neighbourhoods approach for every single community by 2030 so that our local streets are safe and pleasant for everyone to walk, wheel, cycle, play and spend time in.

Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG
Consolidate existing City Network, Liveable Neighbourhood and People First Zone plans to create a consistent and overarching strategy which maximises the Council's strategic commitments.	Present updated plan to Committee by March 2026.	Officers proactively consolidated all Liveable Neighbourhoods and City Network proposals into one overarching delivery plan.  A full update was provided to <a href="#">Environment and Liveable Neighbourhoods</a> committee on the 25 <sup>th</sup> of November 2025. This included updates on the strategic review work undertaken in response to changes in funding structures impacting City Network and Liveable Neighbourhoods programmes. It also included the rationale for a revised delivery framework and the next steps for programme integration.	Officer Working group convened.  Liaise with colleagues, undertake external engagement, create an update programme for delivery and present to appropriate Committee.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>

		Officers are currently developing a delivery plan to present to Environment and Liveable Neighbourhoods Committee in March 2026.			
<b>Commitment:</b> Deliver the Resource and Recycling Strategy to support Glasgow's waste management and efforts to become a zero-waste city.					
Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG
Implementation of twin stream recycling for flatted properties (South West of city) - bin hubs and communal bins.	March 2026.	<p>The first bin hubs were installed in August 2025, with first collections from early September 2025.</p> <p>There has been a rolling communication campaign as the service expands into new areas in the south west of the city.</p> <p>Installs have been going well and as of 9th December 2025, approximately 270 hubs have been installed since the end of August 2025.</p> <p>In addition, flatted properties, not identified to get a bin hub, have received the twin stream recycling service via the provision of new recycling bins.</p> <p>Approximately 11,000 properties (not including flats in the pilot) now have a twin stream recycling service in the south west of the city.</p>	Provision of new bins, bin hub infrastructure, communication campaign and collection service to flats in the south west of the city.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
Develop a cooperation agreement with West Dunbartonshire Council (WDC) to further collective efforts to achieve net zero	Series of Board meetings to run through the year with report on progress produced annually.	A meeting of the officers group was held on the 23 <sup>rd</sup> of October 2025. A Board meeting of the collaborative agreement was also held with Leadership officers from both	Identify series of opportunities to collaborate through sharing of best practice and through identification of further areas for collaboration.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>

targets by developing and implementing initiatives in support of GCC's Climate Plan and WDC's Climate Change Strategy.	Series of topic specific meetings to run through the year and feed progress into annual report.	authorities at the start of November 2025.  The collaborative agreement is working well in terms of the management of WDC's residual waste. Other topics discussed included Extended Producer Responsibility payments and a battery recycling campaign. Opportunities were also explored to undertake a joint deep street clean exercise on the border between GCC and WDC.			
<b>Commitment:</b> Deliver the Food Growing Strategy and increase the number of allotments and community growing spaces across the city.					
Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG
Develop Rodney Street extension to be leased to local stakeholder.	PMGC lease secured, infrastructure works developed, tendered and site works implemented and occupied by March 2026.	Infrastructure was tendered.	Site leased.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
Create additional 20 plots at Hamiltonhill, Westthorn allotments.	Additional 20 plots at Hamiltonhill, Westthorn allotments developed and operational by March 2026.	Infrastructure was tendered and works is on site at Westthorn.	Prepare tender documents for Hamiltonhill and Westthorn allotments.  Contractor works to create 20 additional plots at Hamiltonhill and Westthorn allotments.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
Activate surplus sports pitches to be made available within FGS mapping (Bowling Greens/Pitch & Putt) for consideration by respective groups to develop projects.	Surplus sites identified, sites assessed for inclusion, concept drawings developed and shared with Planning and Sport colleagues for initial comment by September 2025.	A paper was shared with and reviewed by Glasgow Life colleagues. This was also shared with Planning and Sportscotland colleagues for initial comment by the end of September 2025.  The potential to reuse surplus Bowling Greens for other Open Space Strategy	Make sites available and establish growing groups.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>

		<p>uses was included in the Pitch Strategy report to <a href="#">Wellbeing, Equalities, Communities, Culture and Engagement</a> Committee in November 2025, with a commitment to agree this via a Sub-Group.</p> <p>A Sub-Group meeting is scheduled for February 2026 and a written submission to be provided to Sport Scotland thereafter.</p>			
Secure £400k of Vacant and Derelict Land funding to develop 4 additional growing spaces. Assess locations for site development and engagement with local community and food growing community.	<p>Site topography assessment complete and tender documents prepared by July 2025.</p> <p>Steering groups developed and constituted by July 2025.</p>	<p>4 new sites were identified following unfavorable feasibility reporting for the original 4 sites. Feasibility reporting is underway for these 4 new sites.</p>	Develop steering groups for each site to take on devolved management functions.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
Let's Grow Together Fund created with £50,000 grant funding distributed to local groups.	Let's Grow Together Fund for 2025/26 reissued by May 2025.	<p>Following submission of applications and assessment by Officers, funds were granted.</p> <p>The fund for 2026/27 was scheduled for launched in January 2026.</p>	Publicise funding opportunity, evaluate submissions, issue funding to successful applicants and evaluate programme. Evaluation forms to be submitted as part of the funding grant allocation.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
Continue to improve infrastructure across our allotment estate.	Site assessed for possible investment within 2025/26.	Complete	Develop rainwater harvesting systems at Sighthill and Growchapel allotments.	NRS	Complete
Develop and deliver alternative growing techniques pilot at Kings Park Walled Garden in partnerships with the Friends of Group.	Four fruit guilds in the walled garden were installed to complement the existing fruit trees and to improve biodiversity complete by April 2025.	Complete	Complete necessary works.	NRS	Complete

Engage with key stakeholders and Allotment Associations regarding the Schedule of Delegation specific for each individual location.	Schedule of Delegations for first 'pilot' Association available by December 2026.	Ongoing.	Develop Schedule of Delegations for first 'pilot' Association.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
---	---	----------	--	-----	---

**Commitment:** Roll out infrastructure management systems in neighbourhood services to better manage tasks and integrate back-office systems with public customer reporting of service requests.

Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG
Continue implementing Alloy across all Streetscene services.	Implement Alloy across all remaining Streetscene work activities by April 2026.	<p>Street Litter bin emptying is live.</p> <p>Roll out to Deep Clean teams to commence in Q4 2025/6.</p> <p>A road map for the remaining areas of street cleansing service is in progress.</p>	Fully implement Alloy for scheduled and reactive work activities across Streetscene operational areas.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>

**Commitment:** Identify and introduce new infrastructure to improve domestic refuse collection and recycling in high density areas, and review city centre recycling and waste infrastructure in line with anticipated increases in city centre residential population.

Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG
Implementation of twin stream recycling service (bin hubs and communal bins) for flats.	Roll out of the service to the South West of city complete by March / April 2026.	<p>The first bin hubs were installed in August 2025, with first collections from early September 2025.</p> <p>Installs have been going well and as of 9<sup>th</sup> December 2025, approximately 270 hubs have been installed since the end of August 2025.</p> <p>A two week break in installation was taken in October 2025 to review the project to date.</p>	Introduce twin stream recycling for flats in the South West of the city.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>

**Commitment:** Deliver a new rolling programme of neighbourhood deep cleans every year to remove weeds and litter, and keep streets in good condition, in addition to our core cleansing services.

Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG
Establish a deep clean team per ward supported by budget investment to increase the number of teams.	Recruitment complete by August 2025.  Development of workplan by August 2025.	Over 3,400 applications were received following 3 job fairs held in April 2025. Interviews were finalised and due diligence (e.g. driver checks) was undertaken by the end of June 2025.  Staff have been allocated to Parks, Street Cleansing, Deep Clean, and Neighbourhood Clean Teams. Induction and operational training has been developed and delivered.  Digital tools have been implemented for logging, tracking, and responding to service requests. Ward-based sessions were arranged with Councillors and Community Councils.  Priority areas have been targeted for weed removal, litter clearance, and street maintenance.	Implementation of the workplan and schedule.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
Introduce a local neighbourhood clean team per ward supported by budget investment directed by the neighbourhood liaison team.	Recruitment complete by August 2025.  Develop and introduce a new process to dynamically respond to requests – September 2025.	As above.	Test the new process.  Elected Member Brief to be prepared.  Session with Members and workforce to introduce the new teams.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
<b>Commitment: Invest in frontline waste and recycling workers and in training for our cleansing workforce.</b>					
Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG
Provision of formal training for front line staff, including	March 2026.	Tender submissions have been evaluated for the Scottish Vocational Qualification - Certificate in Sustainable	Second tranche of front line staff provided with the opportunity to participate in a Scottish Vocational Qualification -	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>

collection crews, supervisors and assistants. Enhance the nightshift clean teams to accommodate additional budget investment.	Recruitment to be completed by August 2025	<p>Resource Management training. An award of a new contract to deliver training is expected to be made in January 2026.</p> <p>A Management briefing has been prepared, to deliver to collection crews, highlighting the issue with contamination in recycling bins. In addition, a presentation is being developed for TV screens in the depots.</p>	<p>Certificate in Sustainable Resource Management.</p> <p>Develop <u>WAMITAB</u> training for operational staff working in transfer stations/recycling centres/Material Recovery Facility.</p> <p>Engage with crews on the provision of the twin stream recycling service for flats.</p> <p>Workplan to be developed and introduced.</p>		
---	--	---	--	--	--

**Commitment:** Work with communities and frontline workers to design improvements to services via the delivery of Waste Summits.

Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG
Engage with local stakeholders at a number of local events to support the transformation of waste programme including roll out of twin stream recycling for flats to improve recycling rates.	Roll Out of south west twin stream - March 2026.	<p>A community information event was held in Elder Park on the 11th of August 2025 and Ibrox library on the 2<sup>nd</sup> October 2025. The events were very well attended and project team officers fielded and assisted with many enquiries from residents.</p> <p>The next community information events are scheduled for the 13<sup>th</sup> of January 2026 in Pollok and the 12<sup>th</sup> of February 2026 in Carnwadric.</p>	<p>Engage with housing associations/registered social landlords on changes to and promotion of recycling services.</p> <p>Engage with local stakeholders on the changes to collection services to flatted properties.</p> <p>Host Elected Member sessions to support the changes to the neighbourhood waste service.</p>	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>

**Commitment:** Invest in waste processing facilities to support the uplift and recycling of a wider range of plastics.

Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG
Development of Queenslie Material Recovery Facility (MRF).	March 2026.	The contract was awarded to City Building to construct the wider infrastructure on site – amenity, transfer station and MRF buildings, in addition to the household waste recycling centre. A pre-start meeting was held	<p>Complete signing of MRF equipment contract.</p> <p>Engage with the contracted MRF equipment supplier on manufacture of plant and planning for construction.</p>	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>

		<p>with City Building and various NRS staff on the 17th of September 2025.</p> <p>Fortnightly meetings have been held between key stakeholders - Turmec (MRF equipment supplier), SLR (technical consultants) and GCC staff.</p> <p>A meeting was also held with Zero Waste Scotland (ZWS) to discuss communication opportunities to promote the redevelopment of the wider Queenslie site, including the MRF and household waste recycling centre. A further meeting with ZWS was scheduled for the week beginning the 5<sup>th</sup> of January 2026.</p> <p>The procurement process to recruit a project manager is underway.</p>	Appoint Project Manager for the site.		
Engagement with SEPA to prepare and plan application for new environmental authorisation for the site	March 2026.	Engagement has been undertaken with SEPA to update on the changes to the household waste recycling centre and its temporary closure and to request to start discussions on the requirements for a new environmental authorisation for the site.	Following advice from SEPA, agree timeline for new regulatory permit for the Queenslie site (new regulation regime will come into effect during construction of site and plant).	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
<b>Commitment:</b> Improve access to recycling for tenements and flats, working towards parity of waste collection streams across all residential properties; review communal and public recycling points; and work across the Council to address back court waste issues in tenemental properties including Houses in Multiple Occupation (HMO).					
Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG
Recycling communications to support waste & recycling projects.	March 2026.	Engagement was undertaken with residents in the flats in the south west (Govan, Elderpark and Linthouse) of the city.	Complete communication strategy for twin stream recycling for flats.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>

		<p>Engagement with householders is on-going with the provision of a teaser letter and instructional leaflet prior to the introduction of a twin stream recycling service to their property.</p>	<p>Develop and deliver communication collateral to residents in flats provided with the twin stream recycling service (south west of the city for 2025-26).</p>		
Engagement with housing associations and registered social landlords to support the communications to their tenants on new twin stream recycling service.	March 2026.	<p>There has been on-going engagement with housing associations in the south west of the city and those seeking to purchase bin hubs. This has included the Wheatley Group and Provanhall Housing Association.</p> <p>Eight bin hubs were purchased by the Wheatley Group for installation at eight of their mid-rise blocks of flats, which were out with the wider scheduled installation programme. These were fitted at the start of December 2025.</p> <p>Provanhall Housing Association also bought 19 bin hubs which were scheduled for installation in mid-December 2025.</p>	<p>Liaise with housing officers and managers at housing associations to support the introduction of twin stream recycling for flats.</p>	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
Introduction of twin stream recycling for flats within the south west of the city.	March 2026.	<p>The Programme is on-going.</p> <p>At the time of preparing this update (9<sup>th</sup> of December 2025) approximately 270 hubs had been installed. In addition, a twin stream recycling service has been provided to other flats that do not meet the requirements for getting a bin hub. New recycling bins have been provided to these properties.</p>	<p>Provide new bin infrastructure and where applicable, bin hubs, to introduce twin stream recycling.</p>	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>

		The installation programme will take a break for approximately 4 weeks from pre-Christmas to the end of January 2026.			
Review the provision of glass collection points across the city - predominantly located in areas of high density housing.	March 2026.	Inspections of glass public collection points was undertaken in September 2025 within areas of the south west where bin hubs are being installed. New livery has been ordered for bins. Additional glass collection points are still being considered.	Assess expansion of capacity for glass public collection points, renew livery on bins, cleaning regime, and trial glass collection point within a bin hub.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
<b>Commitment:</b> Deliver household communications and information on waste and recycling, and explore how to provide information in community languages.					
Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG
Delivery of communication to residents in flatted properties in the south west provided with the new twin stream service.	March 2026.	This process started in July 2025 and is ongoing, there is a rolling programme on the delivery of teaser letters and instructional leaflets. Residents impacted by service changes continue to receive a teaser letter and instructional leaflet prior to commencement of a twin stream recycling service at their property.	Provide teaser letter, instructional guide and re-usable bag to assist moving recyclable material from flats to recycling bins on street or bin stores for new service. Hold community events prior to twin stream service introduction.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
Follow-up engagement with residents in kerbside properties reminding on the materials targeted for collection within each recycling bin.	March 2026.	High level discussions have been held amongst GCC staff on the requirement to plan and schedule follow-up engagement with kerbside properties early in 2026.	Engage with social media to improve and maintain quality of materials captured within the recycling bins.	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
<b>Commitment:</b> Deliver the Clean Glasgow programme, aligning services to local need while supporting communities to take action locally and promote behaviour change.					
Action	Milestones (current)	Progress and Impact	Planned Activity/Route to Green	Lead Service	RAG

Review ETAC model to incorporate Neighbourhood and Deep Clean model.	August 2025	<p>Neighbourhood clean teams (NCT) and deep cleans have commenced throughout the city.</p> <p>23 NCT started on the 15th of September 2025 in their wards, receiving requests via elected members. There is a rolling programme of deep clean operatives targeting overgrown vegetation and hard to reach litter.</p> <p>From September - December 2025 - 1792 activities have been completed in the 23 Electoral Wards.</p>	<p>Neighbourhood Coordinators to direct service to the need within communities.</p> <p>A new process incorporating deep cleans and Neighbourhood teams will be incorporated into ETAC actions.</p>	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>
Roll out litter lotto to schools across the city.	May 2025	<p>Litter lotto has ceased trading. The Neighbourhood improvement and enforcement service (NIES) continues to support secondary schools across the city.</p> <p>This action has been noted as complete as Litter Lotto has ceased trading and the action is no longer achievable.</p>	<p>Launch an innovative LitterLotto League competition, in association with Keep Scotland Beautiful and LitterLotto, in all interested Secondary Schools in Glasgow, to encourage pupils to dispose of their waste responsibly.</p>	NRS	Complete
Continue to work with partners to develop innovation and interventions around behaviour change	July 2025	<p>Twenty-two colourful bins, featuring playful slogans like 'Pack It Up, Pack It In, Straight In the Bin', are now in place across five neighbourhoods as part of the #GlasgowsBinning campaign.</p> <p>The bins, funded through McDonald's Neat Streets grant and supported by environmental charity Hubbub, are</p>	<p>Work with HUBBUB to roll out bin wraps in key secondary school locations.</p>	NRS	<span style="background-color: green; color: white; padding: 2px 5px;">G</span>

		<p>located around Castlemilk High School, King's Park Secondary, Rosshall Academy, Knightswood Secondary and St Thomas Aquinas Secondary.</p> <p>Work and monitoring has now finished and the team are sending Hubbub their findings on the project.</p> <ul style="list-style-type: none"> <li>➤ Positive testimonials from all 5 schools involved and some local community councils about the positive impact of the Neat Streets work, with a huge push on behaviour change amongst pupils.</li> <li>➤ 100 pupils were surveyed as part of a project to get their thoughts and solutions on litter; team are dissecting this moving forward.</li> <li>➤ EVAs all completed and litter graphs from PIMU to Hubbub to close the project off.</li> </ul>

<b>Case Study Title: Glasgow City Council's Housing Partnership Initiative with Provanhall Housing Association.</b>	
<b>Commitment</b>	<b>Expand our Empty Homes work including seeking to make greater use of compulsory purchase orders, including supporting the acquisition of tenements by Registered Social Landlords (RSL), improving the performance of factors and enabling whole-block retrofits.</b>
<b>Action</b>	Improving the condition and management of three problematic tenement properties in Balcurvie Road, Easterhouse through a partnership approach with Provanhall Housing Association, private landlords, and owner-occupiers to tackle sub-standard properties and poor management practices to create safer, better-quality homes and foster a stronger, more sustainable community environment.
<b>Milestone</b>	Promoting a Compulsory Order to bring a long-term vacant property back into use in line with our strategic acquisition policy and transferring it to the Registered Social Landlord (RSL). Supporting further property acquisitions by the RSL to increase their ownership presence in buildings causing concern to facilitate essential common repairs, professional factoring services, and improve property condition and the management of private rented properties for the benefit of residents and the wider community.
<b>Case study title</b>	Glasgow City Council's Housing Partnership Initiative with Provanhall Housing Association.
<b>RAG Rating</b>	Green
<b>Synopsis (100 words)</b>	<p>Private Sector Housing Grant (PSHG) funding enables owners to carry out essential fabric repairs voluntarily, prioritising pre-1919 tenements and initiative areas. Where owners fail to act and buildings fall into serious disrepair, the Council can enforce statutory repairs where necessary.</p> <p>At Balcurvie Road, owners declined PSHG support, requiring statutory intervention. A Compulsory Purchase Order secured an empty property, enabling its return to use as social housing. The project allowed the RSL to acquire additional homes, introduce factoring, complete common repairs, and improve property conditions, while tackling waste management and anti-social behaviour, creating a safer and more sustainable community.</p>
<b>The challenge</b>	<ul style="list-style-type: none"> <li>The first challenge was securing engagement from owners to tackle property conditions and the need for common repairs to the tenement properties and the appointment of a property factor to support longer term maintenance.</li> <li>Dealing with a long-term vacant property which was creating a major barrier to progressing works.</li> <li>The need to establish RSL ownership in the properties to take on factoring and come up with a programme of works and funding package that would address property disrepair and tackle environmental blight.</li> <li>Need for statutory action in terms of promoting a CPO and serving work notices.</li> </ul>
<b>The solution</b>	<p>The Empty Homes team identified that the property at 12 Balcurvie Road, had been vacant since 2020 and was owned by a company dissolved in 2019. An Empty Homes Officer contacted the King's and Lord Treasurer's Remembrancer (KLTR) to agree how matters could be progressed. GCC promoted a Compulsory Purchase Order (CPO) and partnered with Provanhall Housing Association to transfer ownership and bring the property back into use. Internal repairs and upgrades were required to meet the Scottish Housing Quality Standard.</p> <p>Early engagement with Provanhall Housing Association, owner-occupiers, and private landlords was critical to addressing maintenance issues, waste, and anti-</p>

	<p>social behaviour. Increasing RSL ownership was essential to deliver factoring and carry out works; to improve housing condition; promote a balanced tenure, and secure tenancies; establishing long-term maintenance through factoring; introducing energy efficiency measures and reducing the risk of future costly repairs.</p> <p>Enforcement action included compulsory purchasing the empty property and serving a S30 works notice under the Housing (Scotland) Act 2006 to facilitate common repairs including close security thus reducing the risk of anti-social behaviour and enhancing community safety.</p>
<b>The impact (including cost savings/income generated if applicable)</b>	<p>This intervention enabled introduction of professional factoring and the completion of essential common repairs. Funding from the Affordable Housing Supply Programme and PSHG supported internal upgrades to properties acquired by the RSL, while also facilitating common repairs (with owners repaying outstanding monies owed to the Council).</p> <p>Since March 2024, Provanhall Housing Association has secured full ownership of the most problematic tenement and three flats within another, with repairs completed across all acquired properties and all properties will be maintained, going forward.</p> <p>In addition to tackling building disrepair the common closes and curtilage of the properties have been improved, helping to improve the general environment and reducing complaints. This has brought stability to the area and helped to provide a safer, environment for residents.</p>
<b>How is the new approach being sustained?</b>	<p>The Initiatives and Empty Homes team will continue working collaboratively with owners and key stakeholders to support ongoing property maintenance and safeguard long-term investment in housing.</p>
<b>Lessons learned:</b>	<ul style="list-style-type: none"> <li>• Benefits of strong partnership working with RSLs.</li> <li>• Need for early engagement with all parties in Housing Initiative priority areas and identify owners of Empty Homes</li> <li>• Need for PSHG funding towards common repair schemes where appropriate.</li> <li>• Need for statutory intervention as an enabling tool where voluntary action has failed.</li> <li>• Tackling Empty Homes which are not only a blight on a community but can prevent essential works from being carried out</li> <li>• Making use of CPO powers is necessary to facilitate change and progress works where properties are lying empty.</li> </ul>

## 6. Policy and Resource Implications

### Resource Implications:

*Financial:* No direct financial impacts as a result of the report.

*Legal:* None

*Personnel:* None

*Procurement:* None

**Council Strategic Plan:** The APR reports progress against all CSP priorities.

### Equality and Socio-Economic Impacts:

*Does the proposal support the Council's Equality Outcomes 2025-29? Please specify.* No impact.

*What are the potential equality impacts as a result of this report?* No impact on equality identified.

*Please highlight if the policy/proposal will help address socio-economic disadvantage.* No impact as this is not a new/updated strategy, policy or service and has no significant budget impact.

**Climate Impacts:** No relevant environmental issues as a result of this report.

*Does the proposal support any Climate Plan actions? Please specify:* Not applicable

*What are the potential climate impacts as a result of this proposal?* Not applicable

<i>Will the proposal contribute to Glasgow's net zero carbon target?</i>	Not applicable
<b>Privacy and Data Protection Impacts:</b>	No impact on Privacy and Data Protection.

## 7. Recommendations

The Committee is asked to:

- Consider and note the content of the report; and
- Consider any specific Commitments or actions that require officers to report back on with further detail or progress updates as part of the Committee's future work programme.
