**Neighbourhood Infrastructure Improvement Fund (NIIF) – New Proposals**

**Purpose of Report:**

To summarise further NIIF funding proposals that have been received from community organisations.

**Recommendations:**

The Area Partnership is asked to consider the funding proposals outlined in Appendix 1 and decide whether it wishes them to be referred to NRS to be assessed and costed.

## **Introduction.**

1. The purpose of this paper is to present further proposals for NIIF funding to the Area Partnership to consider. Ideas that the Area Partnership wishes to go forward to the next stage will be assessed and costed by Neighbourhoods, Regeneration and Sustainability (NRS) and brought to a future meeting when the Area Partnership will be asked to consider allocating funding.

## **Proposal for NIIF funding.**

2. The Partnership has been considering proposals for NIIF funding generated by local communities on an ongoing basis. A template has been used to gather ideas based on the detail that NRS need to properly assess and cost proposals.
3. Further proposals have been received and are attached as **Appendix 1**.

## **Funding Position.**

4. Members are reminded that the forthcoming meeting of the Area Partnership will represent a **critical decision point** for the NIIF to ensure full expenditure of the fund within the agreed timeframes. Area Partnerships are asked to review and decide on all available cost estimates at these meetings. **These are detailed in a separate report from NRS.**
5. Area Partnerships are also asked to agree on any further proposals that members wish to be costed at this meeting. Any proposals that are not referred to NRS to be costed at the forthcoming meeting are **unlikely to be costed, approved, or delivered by April 2027**, and uncommitted funding may ultimately be **unavailable to spend**.

## **Recommendations.**

6. The Area Partnership is asked to consider the funding proposals outlined in Appendix 1 and decide whether it wishes them to be referred to NRS to be assessed and costed.

# Neighbourhood Infrastructure Improvement Fund Template for Ideas Gathering

Name of Area Partnership: Springburn/Robroyston Area Partnership

| Proposal | Description of work required for Estimate -<br>Please provide as detailed a description as possible including type of work required, number and type of items required/special considerations or known issues etc                                                                   | Location of Work required for Estimate -<br>Please provide a detailed description of the EXACT location (Street Name & Extents) of work required:                                                                                                                                                                    |

| 1        | Install walkways and appropriate lighting for safer access to and from Wallacewell Primary School. This was originally proposed under NIIF Reference 17-007 and rejected, however further information from NRS has now suggested that this could possibly be considered under NIIF. | Wallacewell Primary School Path No.1 from Robroyston Park entrance at Rockfield Nursery on Rockfield Road to Wallacewell Primary School, 305 Standburn Road, Glasgow G21 3RH.<br><br>Path No.2 at Wallacewell Road across from Beatroute Arts Community Building to Wallacewell Primary School at 305 Standburn Road |
| 2        | Investigate the lighting columns at Wallacewell Road with a view to being able to host festive lighting features.<br><br>(please note it is the lighting columns with the blue line through that is proposed for festive features)                                                  | <br><br>Lighting Columns<br><br>EAC157    EAC160    EAC161<br>EAC164    EAC165    EAC168<br>EAC169    EAC172                                                                                                                     |

|          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                                                                                                      |
|----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>3</p> | <p>Investment in the play area for Broomfield Park.</p> <p>Following discussions with local resident park users / the Service, the Service is aware of local aspirations for the site. This engagement work is further informed by an online survey current active for the site. Initial engagements have identified a first phase of work to repair the hill slide utilising the existing £48,883 funds in place.</p> <p>In order to achieve full renewal works, encompassing feedback from park users and accessibility requirements, the Service would recommend an allocation of £150K from NIIF. Should phase 1 repairs to the slide be deferred to be part of the full renewal procurement exercise, the allocation from NIIF could be reduced due to reduced preliminary costs.</p> | <p>Broomfield Park Play Area.</p>                                                                                                                                    |
| <p>4</p> | <p>Investigate the potential of a pump track in the Robroyston area like the examples below.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |  <p>Location is near Robroyston Train Station, next to motorway on GCC land.</p> |

|   |                                                                                                                                                                                                                                                            |                                           |
|---|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------|
|   |                                                                                                                                                                           |                                           |
| 5 | Dropped kerbs either side of the road at the entrance to the Cortmalaw estate with a very small path to these across the current grass verge. At the entrance to the estate they have to walk over the grass verge, which is very muddy in the winter.     | Entrance to Cortmalaw Estate, Robroyston. |
| 6 | Investment in the football pitch at Wallacewell Primary School.                                                                                                                                                                                            | Wallacewell Primary School.               |
| 7 | There's an existing mud path that residents already use to traverse the area behind Cortmalaw estate from 'Auchinlock village' to Asda Robroyston roundabout and to Wallacewell School. It is asked to be investigated about making this a proper footpath | Area behind Cortmalaw Estate.             |
