Apparatus with a hydraulic cylinder allowing adjustment of loads to be lifted, pulled or pushed. The load levels (up to 60kg) guarantee individually adapted effort that increases with practice.

The polyurethane foam seats and backrests ensure lasting comfort. Polyurethane foam is resistant, anti-perspiration shape memory material that helps to prevent overheating.

INTERGENERATIONAL & ACCESSIBLE
For adults & teenagers of all abilities to exercise socially & have fun.

ENCOURAGING A HEALTHY LIFESTYLE
Encouraging physical activity, the Acti'Fit range develops balance, heart health, coordination & muscle strengthening.
