Neighbourhood Infrastructure Improvement Fund (NIIF) – New Proposals

Purpose of Report:

To summarise further NIIF funding proposals that have been received.

Recommendations:

The Area Partnership is asked to consider this further proposal that has been received and approve if they wish to progress.

Introduction.

1. The purpose of this paper is to present further proposals for NIIF funding to the Area Partnership to consider.

Proposal for NIIF funding.

2. The Partnership has been considering proposals for NIIF funding generated by local communities on an ongoing basis. A template has been used to gather ideas based on the detail that NRS need to properly assess and cost proposals.
3. Further proposals have been received and are attached as **Appendix 1**.

Funding Position.

4. Members are reminded that the forthcoming meeting of the Area Partnership will represent a **critical decision point** for the NIIF to ensure full expenditure of the fund within the agreed timeframes. Area Partnerships are asked to review and decide on all available cost estimates at these meetings.
5. Area Partnerships are also asked to agree on any further proposals that members wish to be costed at this meeting. Any proposals that are not referred to NRS to be costed at the forthcoming meeting are **unlikely to be costed, approved, or delivered by April 2027**, and uncommitted funding may ultimately be **unavailable to spend**.

Recommendations.

6. The Area Partnership is asked to consider the funding proposals outlined in Appendix 1

**Neighbourhood Infrastructure Improvement Fund
Template for Ideas Gathering**

Name of Area Partnership: Pollokshields Area Partnership

Description of work required for Estimate - Please provide as detailed a description as possible including type of work required, number and type of items required/special considerations or known issues etc	Location of Work required for Estimate - Please provide a detailed description of the EXACT location (Street Name & Extents) of work required:
Coustonholm Road, specifically concerning safe access to the Job Centre due to the pavement under the bridge on the South of the road being narrow and in very poor condition. There is also a long section of pedestrian guardrail and no dropped kerbs to facilitate safe crossing from the northern side of the road, which is also prone to surface water flooding. Proposal A – Construction of a single footway build-out on the north footway opposite the Jobcentre, together with a new dropped kerb on the south footway, including removal of two sections of existing pedestrian guardrail: approximately £7,500 to £10,000, subject to	

procurement process

Proposal B – Incorporating Proposal A, plus an additional footway build-out on the north footway at the entrance to Pollokshaws East Train Station and a new dropped kerb on the south footway:
approximately £10,000 to £15,000, subject to procurement process
