Glasgow City Region Annual Performance Report (April 2025 – March 2026)

Purpose of Report:

To provide a copy of the Draft Glasgow City Region Annual Performance Report 2025/26 for the consideration of Cabinet.

The report provides an update on progress for both the City Deal and the City Region to end March 2026.

This year's report has been created to be more accessible, with a reduced volume of content.

Communications activities planned around the report include a short film documenting progress over the past year, a social media campaign and a media release.

In addition to this, to support wider messaging and localised communications, Heads of Communication across the council areas have been engaged with around the provision of localised media releases and short film clips commissioned by the PMO of the individual council Leaders for use on social media.

Recommendations:

Cabinet is invited to:

- a. approve the draft Annual Performance Report 2025/26; and
- b. note communication activities in relation to the performance report.
