

Glasgow City Region Education Collaborative Regional Improvement Plan 2022/23 – Plan endorsed etc.

3 There was submitted a report by the Regional Lead Officer regarding the Glasgow City Region Education Collaborative Improvement Plan 2022/23 which had been endorsed by the Glasgow City Region Education Committee on 22nd September 2022, advising that

- (1) the latest plan, for 2022/23, as detailed in an appendix to the report, continued to set out the vision for equity, excellence and empowerment across all 8 partner authorities;
- (2) engagement sessions with stakeholders had taken place which complemented the ongoing evaluation activity and which provided a clearer set of qualitative and quantitative data to ensure the Improvement Plan met the needs of practitioners and officers across the West Partnership and that there was a clear consensus that existing programmes and activity had also met those needs; and
- (3) the feedback gathered from the stakeholder engagements, recommendations from the Robert Owen Centre evaluation and consensus building conversations with workstream sponsors, workstream members, programme participants and Education Scotland, had all contributed to the Improvement Plan 2022/23.

After consideration and having heard Tony McDaid, Regional Lead Officer, the Cabinet noted and endorsed the Improvement Plan for 2022/23 and that members of the Glasgow City Region Education Committee would seek approval of the Plan from their individual local authorities to maintain local democratic oversight.
